USING YOUR ACTIVE KID'S VOUCHER (POST REGISTRATION)

If you forgot to apply your Active Kids Voucher during the PlayFootball registration process, you still have a couple of options to use your voucher.

1. Complete your registration on play football - sign up and pay the registration fee in full.
2. Contact the club directly – provide the AKV voucher number and the child's DOB.
3. Club manually redeems voucher on their Service NSW account.
4. Once the Club has received reimbursement from Service NSW they then transfer the value of the voucher back to the registrant.

Clubs should look to communicate in sign up forms & state in their T&C's their stance on Active Kids Vouchers. i.e. do you accept them post registration process? Will you manually redeem vouchers?
